

What is Choreographed Ballroom Dance, commonly known as Round Dance?

Round Dancing is Ballroom Dancing to a sequence of dance steps that have been pre-choreographed to ‘match and flow’ with the music. All couples in the room are dancing the same figures around the floor (in a circle) at the same time. There is a Round Dance Cuer in the front of the room calling out the dance figures in time to the music.

Over the last 50+ years, thousands of routines have been published providing pleasure to almost every dance style imaginable, including Waltz, Two-Step, Cha-Cha, Rumba, Jive, and many more.

**You can Round Dance on the 2nd and 4th Saturday Nights
